

AL NISR GROUP

ADVERTISEMENT MATERIAL REQUIREMENTS

GENERAL GUIDELINES

- Any and all supplied materials are presumed to be correct and in accordance with Al Nisir Group stated requirements.
- Al Nisir Group will not be held liable for printing complications which may arise due to receipt of non-conforming materials.
- Al Nisir Group cannot guarantee legibility of 4-colour reverse type below 10 point and black & white reverse type below 6 point.
- Disks must only include advertisement related materials. Al Nisir Group is not responsible for any non-pertinent information on disks supplied.

HANDLING & DISPOSITION OF ADVERTISING MATERIALS

Please follow material deadlines for sending materials. All advertising materials should be provided securely packed and with a covering note specifying details regarding the publication & date of insertion, advertiser, agency and special instructions, if any. Materials received for insertion will not be released until after publication of issue. Requests for return of materials must be sent in writing. All materials will be kept on hand by publisher for 15 days following the original date of insertion, after which, these will be destroyed.

MATERIAL FORMAT

PDF file Version 1.3, 1.4, and 1.5 only

Please visit http://addesk.gulfnews.com/resource/PDF_Settings.htm for PDF setting files for Illustrator, QuarkXpress, InDesign and Acrobat Distiller.

Please Note: If white space is required in an advertisement without a border, please follow the attached document to create system generated crop marks. Note that the crop marks should exactly define the Booking Size.

Annexure –I.pdf

PDF Specifications

- Resolution: 300dpi.
- Mode: CMYK.
- All Fonts Embedded.
- The PDF file should match the exact booking size without any extra white space.
- PDF files should not have crop marks, trim marks, document header or any other information.
- The dimensions of the PDF file for Bleed artworks should match the exact bleed size without crop marks or extra information.
- Information regarding crop marks, trim marks, document header or any other information can be provided only in the printout and not in the PDF file.

File naming:

Please do not use any special characters (e.g. / : ! .. % etc) in the filename.

Overprint Attributes:

Only Black text can be 'overprint' on colour ground. Colour text should be 'knockout'.

Not accepted at any stage:

- DCS, Multitone, Multichannel (more than 4 channel i.e. CMYK), Duotone Images.
- Advertisements fully done in Photoshop containing text with only raster data.
- Advertisements with RGB Images or RGB Workspace or SPOT colours.
- Advertisements with Outline Text.

BLEED ADVERTISEMENTS

AL NISR GROUP

ADVERTISEMENT MATERIAL REQUIREMENTS

Keep live matter 5mm from trim edges—head, face, foot and scuff. Additionally, for double page spread bleed advertisements, keep live matter 5mm from the spine.

COLOURS

- All colours must be built from process colours (CMYK). Spot colour advertisements, two and three colour advertisements should be built from CMYK.
- For information on Al Nisr Group Color Profiles, please email colourmanagement@gulfnews.com.

WATERMARKS

The minimum standard values for screens in highlight areas (e.g. watermarks) is 5% + 2% extra in all colours for printing on Newspaper web.

COMPATIBLE MEDIA / MEDIUM

- CD ROM / DVD ROM
- Asura Online (Please contact your Sales Agent at Al Nisr Group for log-in details)

WHAT TO SUPPLY

In order to ensure that files are properly output, please include the following:

1. Laser proof printed at 100%. If it is not possible to print lasers at 100%, you must indicate the percentage at which the advertisement is printed.
2. Publication grade press quality digital proofs are required, calibrated to Al Nisr Group standards. For more information on Al Nisr Group standards, please email colourmanagement@gulfnews.com.
3. A printout of the disk's contents.

MISCELLANEOUS

- Do not submit colour files for black & white advertisements.
- Separate CD/DVD to be provided for separate advertisements to avoid confusion.
- Use disinfectant software before sending your disk or uploading your advertisement.
- Advertisers should ensure that they have a duplicate copy of all electronic materials.
